

# 4flow challenge – Case Study Competition for Students

## Competition for tomorrow's consultants

*About to earn a master's degree, preferably with a concentration in supply chain or logistics? Looking for an opportunity to prove you have consulting talent?*

Show 4flow you've got consulting skills, and win cash prizes totaling 10,000 euros.

### Case study on e-commerce

Based on an e-commerce case, your team will be tasked with developing a strategy for an e-commerce business. Experienced consultants from 4flow will be there to coach you and your team individually, providing an insider's look into supply chain consulting.

### Timeline and prizes

The competition will take place from April 4 to May 13, 2016. Participation is open to teams consisting of 3 to 4 master's students, preferably with a concentration in supply chain and logistics. Teams are welcome to get support from their university professor. Winners will be announced during the finals on May 12 and 13 at the 4flow headquarters in Berlin. The prize for first place is 4,000 euros, the second place team will receive 2,000 euros, and the third place team receives 1,000 euros. Professors supporting the top three winning teams will also receive cash prizes for their department.

Register to participate by March 18, 2016.

## What 4flow consultants say about the 4flow challenge

*"The 4flow challenge is about strategic decision making, concept planning and analytic evaluation. It will involve – as in everyday consulting – a good deal of teamwork."*

Niklas, 4flow consulting

*"As college grads turned consultants, we came up with the idea for 4flow challenge and our supervisors and colleagues really liked the idea. We look forward to meeting the teams and to an exciting competition."*

Diana, 4flow consulting

*"The 4flow challenge will let students dive into the world of consulting. The case design, the rules and the support teams receive reflect a consultant's work."*

Konrad, 4flow consulting

**Do you have the talent to solve this supply chain case? Accept the 4flow challenge!**
