

## **4flow selected as strategic supplier by Knorr-Bremse**

September 15, 2009

Knorr-Bremse has selected 4flow AG as a strategic consulting partner for supply chain management and logistics. To seal this partnership, a frame contract for an unlimited period has been signed.

Since the beginning of 2008, 4flow consulting has successfully performed a multitude of supply chain optimization projects for Knorr-Bremse. To continue the partnership, the formal step of establishing a frame contract between both parties has been taken.

"We are convinced that the services of 4flow are adding substantial value to our business," says Attila Biro, Vice President Purchasing at Knorr-Bremse, Munich. "Our partnership-based approach helps to sustainably improve the supply chain of our customers and leads to long-standing, close collaborations. We are very proud to be a partner-of-choice for Knorr-Bremse," adds Dr. Stefan Wolff, CEO of 4flow AG.

Knorr-Bremse is the world's leading manufacturer of braking systems for rail and commercial vehicles. As a technology pioneer, for over 100 years Knorr-Bremse has been a driving force in the development, production and sale of modern braking systems for a variety of applications in the area of rail and commercial vehicles. Knorr-Bremse thus contributes significantly to safety on the road and on railways. Other lines of business include door systems and air conditioning systems for rail vehicles as well as torsional vibration dampers for internal combustion engines. With just under 15,000 employees worldwide, the company earned sales in 2008 of EUR 3.38 billion. Find more information at [www.knorr-bremse.com](http://www.knorr-bremse.com).
